

Please do not replace FM Translators with LPFM services. This would take away my family's primary station of choice (K-LOVE). Being in the military we move every 2-3 years, but wherever we go we know we have K-LOVE to count on. I know many people in the military community who benefit from K-LOVE and it is definitely in the public interest to keep this uplifting and encouraging station on the air. We in the military count on K-LOVE!
